

Hanukkah Snowflake Pretzel Rods

Total Time

20 mins

White chocolate pretzels sprinkled with candy snowflakes and blue sprinkles

Servings: 18

Ingredients

- 12 ounces melted white chocolate
- 18 pretzel rods
- 6 ounces blue/white/snowflake sprinkles
- 2-4 ounces blue and white snowflake candy
- .
- *Find detailed information about melting and tempering chocolate or melting confectionery coating wafers candy melts on my [Chocolate Making Tips](#) page.

Instructions

- 1.
2. Pour white chocolate into a tall glass.
3. Dip one pretzel rod in the white chocolate.
4. Remove and allow the excess to drip off.
5. Roll in the blue/white/snowflake sprinkles and the blue and white snowflake candy.
6. Set on a parchment paper or wax paper lined baking sheet and allow to dry.

NOTE: If you are using confectionery coating and it's really thin you may have trouble keeping the sprinkles from pulling the candy coating off the pretzels. Allow the coating to cool down a bit so that it thickens. Then when you dip the pretzel and roll it into the sprinkles they will stick and look nice.
