

# Paper Seashell Charm

## Materials:

1. Paper
2. Scissors
3. Tape
4. Markers/crayons/colored pencils

## Instructions:

1. Fold a piece of paper in half, width-wise. The folded side will be the bottom of your craft, the open side the top.
2. On one side of the paper, write what kind of luck you hope to bring into your life - love, peace, wealth, happiness...
3. Decorate the other side however you like!
4. To make a shell shape, fold the paper in half again and cut a small arc out of the top, with the high point of the arc on the side of the second fold. Remember, the first fold should be at the bottom.
5. Make small accordion folds back and forth along the shell.
6. Place a piece of tape along the bottom of the shell.
7. Spread out the folds to make a shell shape.
8. Carry your charm with you to bring luck into your life!
